BEST MOMENTS

MAY 31st: ANNUAL OPEN DAY EVENTS
May 31st was an unforgettable day for everyone. More than one hundred students helped organise our Open Day. Our staff hope that future generations will follow their brilliant example.

AMAZING PERFORMANCES

**KEN FISHER:
THE VOICE OF AN ANGEL**
When our music teacher first heard Ken's voice, she could not believe her ears. She asked him to join the choir and told his parents that he might have a great future as a singer. Ken's voice made a great impression on our visitors. They went on clapping for 10 minutes after his wonderful performance. Congratulations, Ken!

**LINDA MORIN:
BORN TO DANCE**
Linda's mother said that her daughter had taken her first dancing steps before she could even walk! After coming to ISL, Linda joined our modern dance class and soon her teacher encouraged her to become the leader of the whole group. One of Linda's own choreographies was presented on Open Day and the audience was absolutely thrilled with it! Bravo, Linda!

**BETTY BROWN:
A FUTURE STAR**
Finally, Betty came up with the idea of putting on "Beauty and the Beast" only a month ago. When she begged the headmaster to let her theatrical group join in, he hesitated before agreeing. As it turned out, Betty's excellent performance really surprised everyone! Keep on trying, Betty!

WRITING TASK 1

Write a short paragraph about **you and your family**.

Mention:

- your name / age / the school year you are in
- how many people are in your family / their names / their jobs / something about their characters
- what you and your family like doing together

My name is Anna. I'm twelve years old and I'm in the sixth year of elementary school. There are five people in my family. My mother's name is Lisa. She is a teacher and she's kind and helpful. My father's name is George. He's a businessman and everybody likes him because he's very friendly. I've got two brothers, too. Their names are John and Paul. John is fourteen years old and Paul is sixteen. They are very funny and popular at school. Of course, we sometimes fight but I could never imagine my life without them. We like playing board games together and telling funny jokes and stories. We do some things with our parents, as well. We go for walks or picnics in the park and we have a great time. That's all about me and my family.

WRITING TASK 2

Write a short paragraph about **a trip you will never forget**.

Mention:

- when you went on that trip and who you were with
- which place you visited and where you stayed
- what the place was like
- what you did and/or saw on that trip
- how you felt about that trip

Last summer, we went on a three-day trip with my family. We went to Paris to visit Disneyland, the most famous amusement park in Europe. We stayed in a great hotel near the park, which looked like an old castle! The park was huge with a lot of exciting things to do and see. My brother and I wanted to try everything, of course. Unfortunately, there were a lot of people so we had to wait a long time to get on the rides. First, we got on the "Space Mountain" roller coaster. It was very fast! Then, we visited the "It's a Small World" attraction, where we took an amazing boat ride. We also went on a lot of other rides. I liked them all so much that I couldn't decide which one was my favourite. I felt like a character in a fairy tale and that's why it was the best trip of my life. I can't wait to go there again!

WRITING TASK 3

Your friend Pamela wants to improve her health and fitness. Write a short paragraph to Pamela giving her advice about how to solve her problem.

Mention:

- that you or someone you know had a similar problem
- your first piece of advice and what the result would be
- your second piece of advice and what the result would be

I understand how you feel, Pamela, because my sister used to be in a similar situation, so I think I can help you. First of all, if I were you, I would get more exercise. For example, I would go jogging or join a gym with my friends. That way, you will stay in good shape and have fun at the same time. Another good idea is to eat more healthily. Why don't you try eating more fruit and vegetables? You should also avoid junk food and sweets. As a result, you will soon be healthier and have more energy. Anyway, I hope my advice will help you solve your problem. Good luck!

WRITING TASK 4

Write a short paragraph about what you wish for the future.

Mention:

- what you wish for yourself
- what you wish for your family
- what you wish for the environment

There are many things I wish for the future. First of all, I wish I could become a famous football player one day. That way, I could play my favourite sport and make a lot of money at the same time. Secondly, I wish my parents could win the lottery. If that ever happened, we would become very rich. We would move to a bigger house, buy a faster car and travel around the world. Finally, I wish people could care more about the environment and stop polluting it. As a result, we would be healthier and we would save many endangered species of animals and plants. If my wishes came true, I would be really happy.
